"REMARKABLE REPTILES"

The Remarkable Reptiles Exhibit includes a large variety & selection of exotic & native snakes, lizards, turtles, tortoises, frogs, toads, scorpions, tarantulas, rattlesnakes, vipers & always the hit ... crocodilians.

We are one of the few Exhibits to display all 3 crocodilians, alligator, caiman & crocodile. (State permitting)

Also included, are educational displays, reptile videos, skeletons, skulls, heads, fossils, skins, tribal reptile displays & items & more.

Unique to only us is our "Display of Shame" which includes antique reptile items. This is very popular with seniors. Our show stopper is "Puk Puk" a huge skull from an 18' 6" crocodile...Wow!!!

The Exhibit is laid out & decorated to look like a Jungle Outpost.

Visitors definitely leave with a new appreciation of the Reptile Kingdom.
